

Philosophy:

We believe that:

- Individuals learn in different ways and need a variety of methods, materials, and learning environments.
- Every student can learn and has the opportunity to experience success for growth.
- Learning will occur when students choose to participate and are actively involved in their learning.
- All students and staff need to be challenged by high academic and personal growth.
- Commitment to the learning culture of CPR, will lead to success:

Citizenship

- demonstrate positive behavior towards self, peers and staff
- volunteer
- be involved
- know and follow expectations

Positive Work Ethic

- be prompt
- be prepared
- be productive
- be engaged

Respect

- use respectful language
- dress appropriately
- take pride in yourself and your work
